

Subject : Mathematics (EX-3)
 Group : Numbers through Ten
 Topic : **Sandpaper Numbers**

Description of Materials:

- Numerals from 0 to 9, cut out of sandpaper and mounted on separate green boards.

PURPOSE:

- To teach the child the symbols for the numbers he knows.
- To provide him with the keys to the world of written numbers.

Approximate age

Four years and older

Presentation

- Have the child bring over the material.
- Begin by sensitizing your fingers.
- Take out 1, trace three times and say its name: "one"
- Give to the child to repeat.
- Place the board at the top of the table.
- Repeat for numbers 2 and 3.
- Do a Three Period Lesson with numbers 1, 2, and 3.
- Repeat for numbers 4, 5, and 6.
- Then repeat for numbers 7, 8, and 9.
- Depending on the child, this may be taught over a few days.
